

Online Quote Validation Widget

Widget Use

Renders the appropriate message to the user after the current status of an online quote accessed via an email link is validated.

Example of Widget Use

Where can the Widget be placed?

The widget can be used in the following templates:

- Online Quote Validation Page Template

Widget Options

General Options	Use	Comments	Available from Version
Description	A short description of the widget's use.	This description is added to the widget title. It makes the widget's use clear on the template page.	All
Layer	The layer the widget is valid for.	Use layering to limit widget content to certain groups of users. To use the same widget for more than one user group but with different options set, add the widget as many times as needed in the same zone. Then add layering to define the user group each time.	All
Quote Link Expired Message	Displays if the email link is expired.	Default: This quote is expired, you can not checkout.	4.37
Quote Cancelled Message	Displays if the quote has been cancelled.	Default: The quote is cancelled.	4.37
Quote For Another User Message	Displays when the logged in user does not have access to the quote.	Default: You are trying to access a quote intended for another user. As you are currently logged in, please logout first.	4.37
Quote Not Exist Message	Displays when the quote does not exist.	Default: The quote does not exist anymore.	4.37
Processing Message	Displays when the system is checking the quote status.	Default: Loading, please wait...	4.37
