

Icon Library

The Commerce Vision site framework has the following builtin icon library. The icons are based off .svg webfonts and are incorporated throughout widgets and configuration options.

Icons can be viewed in the CMS: [Content](#) [Style Guides](#) [Icons](#)

Load an icon

Manually add an icon using content value

Example of usage

```
.class-name::before {
  content: "\e600";
}
```

Icon Values

Class Name	::before content Unicode Value
cv-ico-general-arrow-down	\e600
cv-ico-general-arrow-up	\e601
