Eway Fraud Alert Message Widget

Widget Use

Renders a warning message on the Fraud Alert email, advising of possible fraudulent activity as flagged by Eway. Message content will also include Eway's fraud error codes.

Example of Widget Use

Following is an example of the widget in use:

Where can the Widget be placed?

The widget can be used in the following templates:

- Order Placed Email Template

  Note - the Fraud Alert Email shares the Order Placed Email template, but adds this alert widget. This widget will *not* render on your standard Order Placed emails.

Widget Options

Option	Use	Comments	Available from Version
Description	A short description of the widget's use.	We recommend this field be updated so the widget's purpose is clear at a glance from the template page.	All
Layer	The layer the widget is valid for.	The layering technology allows for the content to be shown to specific audiences. This is handy if the content is only valid for a certain type of user, or if the same widget is required for more than one audience but different configurations are needed. The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget.	All
Fraud Warning Message	The message text displayed above the eWay fraud code details in the Fraud Alert email.	Default: The order is flagged as possibly fraudulent by eWay and the details are listed as below.	3.88
