

# Customer Experience Widget Library

- [Dashboard Widgets](#)
  - [Orders On Hold Widget](#) — Renders a list of the user's held orders, as well as a Search facility. From here, the user can search for, view, delete, or resume their held orders.
  - [Outstanding Tasks Display Widget](#) — Renders a count of orders the user has yet to action in some way. This could include Orders Awaiting Payment, Orders On Hold, and Orders Requiring Approval. By default, this count is displayed in the user's Dashboard menu.
  - [Stock Availability List Widget](#) — Displays a list of products the user has requested to be notified of once they arrive back into stock.
- [Order Tracking & History Widgets](#)
  - [Consolidated Note Line Description Widget](#) — Renders the line notes within the product description line in Live Order Search when consolidated note lines are enabled.
- [SignalR Group Message Selector Widget](#) — Defines the text for the button users click when selecting a SignalR client, e.g., a printer enabled to print orders/invoices in PDF format.
- [User Personalisation Widgets](#)
