Cart Buttons

 Shopping Cart

Please review your cart before checkout.

Notify Me When In Stock

Save As Template

Create Standing Order

Hold Order

Update Order

Remove All

Request Quote

Where can the Widget be placed?

The widget can be used in the following templates:

- Cart Template

Widget Options

General Options	Use	Comments	Available from Version
Description	A short description of the widget's use.	We recommended this field be updated so the widget's purpose is clear at a glance from the template page.	All
Layer	The layer the widget is valid for.	<p>The layering technology allows for the content to be shown to specific audiences.</p> <p>This is handy if the content is only valid for a certain type of user, or if the same widget is required for more than one audience, but different configuration is needed.</p> <p>The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget.</p>	All
Show On Mobile?	Enables the display of the widget on mobile devices.	Tick to enable	All
Right Align?	Pushes the widget to the right of the zone it is located in.	Tick to enable	All
Show 'Notify Me When In Stock' button?	Includes the 'Notify Me' button when there are out of stock items present in the cart.	Tick to enable	3.79
Show 'Empty Cart Confirmation' box?	Determines whether a modal window appears requesting user confirmation on emptying of the cart.	Default is: ticked Untick to disable	3.84
Show 'Hold Reference' input box?	Determines whether a modal window appears for the user to input a reference for the order they are placing on hold (instead of re-directing the user to the 'Orders On Hold' page).	Default is: unticked Tick to enable	3.87
