

Customisable text in Cart Summary on hover

The [Cart Summary Widget](#) has been updated so that the word "items" in the summary text is no longer hardcoded. Now, instead of telling the user "You currently have X *items* in your cart", you can say 'products', 'goodies', 'treasures'... The options are endless.

 Katie B2B Koss

 \$8,758.92 (6 items)

You currently have 6 little treasures in your cart

Subtotal (ex GST)	\$8,758.92
Plus GST	\$875.90
Total (inc GST)	\$9,634.82
