Where can the Widget be placed?

The widget can be used in the following templates:

- Product Detail Template
- Product Quick View Popup Template (from version 4.11+)

Widget Options

Option	Use	Comments	Available from Version
Description	A short description of the widget's use.	We recommended this field be updated so the widget's purpose is clear at a glance from the template page.	All

Layer	The layer the widget is valid for.	The layering technology allows for the content to be shown to specific audiences. This is handy if the content is only valid for a certain type of user, or if the same widget is required for more than one audience, but different configuration is needed. The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget.	All
Image Path	The file path to the folder in which 500px product images are stored.	Default is: /images/ProductImages/500/	All
Zoom Image Path	The file path to the folder in which full size product images are stored.	Default is: /images/ProductImages/	All
Show Ribbons?	Determines whether product ribbons are displayed in the gallery.	Default is: enabled Untick to disable	All
Show Zoom?	Determines whether the image zoom link is displayed. Not applicable when the widget is used on the Product Quick View Popup template.	Default is: enabled Untick to disable	All
Include Videos?	Determines whether videos are included in the gallery.	Default is: enabled Untick to disable	All
Vimeo Text Colour	The hex code for the video title colour and other Vimeo elements.	Default is: bc3d54	All
Zoom Prompt	The text displayed for the image zoom link.	Default is: Zoom	All
Show On Mobile?	Determines whether the widget is displayed on a mobile device. If unticked, the gallery will be hidden on mobile devices.	Default is: enabled Untick to disable	All

Other Widgets

- [Order Payment Links Form Widget](#) — Renders an order details stepper with an order form that can be automatically populated with query strings, and/or manually entered by the user. The form doesn't validate the order details are accurate in order to stay both secure and accessible to unauthenticated users.
- [Magic Link Authentication Message Widget](#) — Renders the Magic Link authentication message.
- [CUSTOM_Side by Side Content Tiles Widget](#) — Renders two side by side content tiles in a zone with widget options for selecting or adding background colour, image, text and link/button positioning.
- [Stock Dialog Widget](#) — Displays the Stock to Receive Detail dialog window.
- [Stock to Receive Widget](#) — Displays the Stock to Receive page.
- [Stock Levels Widget](#) — Displays Stock Levels page.
- [Order Declined Pending 3rd Party Installment Msg Widget](#) — Renders the message body for the email sent when the user selects to sign up and pay with a Buy Now Pay Later provider but approval is subject to further checks.
- [Order Field Static Widget](#) — Renders an additional order field in email templates.
- [Online Quote Validation Widget](#) — Renders the appropriate message to the user after the current status of an online quote accessed via an email link is validated.
- [Header Level Cost Centre Widget](#) — Renders the cost centre input field on the order header in the shopping cart.
- [Openpay Summary Widget](#) — Renders Openpay marketing information for a product on the product detail page. Use this widget instead of the [Product Purchase Details widget](#) if you want to customise tagline placement on the template.
- [Order Line Availability - Click and Collect Widget](#) — Displays product availability and delivery methods at the order line level in dynamic scenarios such as the cart when Click & Collect is enabled.
- [Account Activation Email Content Widget](#) — Renders the message content in the Invitation to Register an Account email.
- [Order Template Cost Centre Widget](#) — Renders the cost centre input field on each product line in an order template.
- [BPAY Account Payment Detail Widget](#) — Renders BPAY payment information in the body of the BPAY Account Payment email. This email is sent to users who pay invoices or pay down their account balance using BPAY.
