Where can the Widget be placed?

The widget can be used in the following templates:

- [Cart](#)

Widget Options

Option	Use	Comments	Available from Version
Description	A short description of the widget's use.	This description is added to the widget title. It makes the widget's use clear on the template page.	All
Layer	The layer the widget is valid for.	Use layering to limit widget content to certain groups of users. To use the same widget for more than one user group but with different options set, add the widget as many times as needed in the same zone. Then add layering to define the user group each time.	All
Cost Centre Code	Heading for cost centre input field.	Default: Cost Centre Code	4.37
Heading Icon	Icon displayed next to heading.	Default: cv-ico-general-text	4.37
Input Placeholder Text	Prompt for user.	Default: Enter Code Here	4.37
Apply Button Label	Text on button to use entered code.	Default: Apply Code	4.37
