

# Quote Order Switch Button Widget

## Widget Use

Renders the 'Change Order to Quote' or 'Change Quote to Order' button on the delivery address page of checkout. This widget is used with enhanced quoting functionality, in which users can change the contents of their cart to a Quote request, and back to an order again.

## Example of Widget Use

Following is an example of the widget in use:

## Where can the Widget be placed?

The widget can be used in the following templates:

- Checkout Template

## Widget Options

Option	Use	Comments	Available from Version
Description	A short description of the widget's use.	We recommend this field be updated so the widget's purpose is clear at a glance from the template page.	All
Layer	The layer the widget is valid for.	<p>The <a href="#">layering technology</a> allows for the content to be shown to specific audiences.</p> <p>This is handy if the content is only valid for a certain type of user, or if the same widget is required for more than one audience, but different configurations are needed.</p> <p>The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget.</p>	All
Button Label	The text displayed on the button when the "Is Order" Layer is active.	Default: Change Order to Quote	3.99
Button Label	The text displayed on the button when the "Is Quote" Layer is active.	Default: Change Quote to Order	3.99
