Widget Options

Option	Use	Comments	Available from Version
Description	A short description of the widget's use.	We recommend this field be updated so the widget's purpose is clear at a glance from the template page.	All
Layer	The layer the widget is valid for.	The layering technology allows for the content to be shown to specific audiences. This is handy if the content is only valid for a certain type of user or if the same widget is required for more than one audience but different configurations are needed. The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget.	All
