Linking a Menu to a Role

In your Customer Self Service eCommerce Platform website, each Role is assigned a particular Menu in order to control access to various pages and functionality within the website.

Multiple roles can be assigned the same menu if appropriate.

Step-by-step guide

How to Link a Menu To a Role:

1. On your website, log in as an Administrator.
2. Navigate to **Accounts Role Management** (or **Roles**) (zRoles.aspx).
3. Select the required Role via radio button for the **Role Details** tab to load.
4. Click **Modify'**.
5. Enter the Menu Code in the field labelled **Menu Code**. (To view a list of available Menus, navigate to **Content Menu Editor**.)
6. Click **OK** to save changes.
