# PRONTO Integration - Discounts and Special Pricing

The 'Discounts & Special Pricing' tab allows for exclusions to be specified with regard to the integration of stock discounts, contract prices, customer discounts, etc.

On Integration of **'Discounts + Special Pricing'**, the following PRONTO tables will be integrated, triggered by change events for each table:

Table Name	Change Events	Filters
cust-group-disc		Skip Customer Group Discount. Tick box located in Integrator 'Settings', 'Discounts & Special Pricing' tab.
deb-stock-special-price		Skip Stock Special Price. Tick box located in Integrator 'Settings', 'Discounts & Special Pricing' tab.
deb-stock-retail-special-price		Skip Stock Retail Special Price + Stock Retail Price Audit. Tick box located in Integrator 'Settings', 'Discounts & Special Pricing' tab.
deb-stock-retail-price-audit		Skip Stock Retail Special Price + Stock Retail Price Audit. Tick box located in Integrator 'Settings', 'Discounts & Special Pricing' tab.
deb-retail-details		Skip Retail Details + Stock Contract Price. Tick box located in Integrator 'Settings', 'Discounts & Special Pricing' tab.
stock-contract-price		Skip Stock Contract Price. Tick box located in Integrator 'Settings', 'Discounts & Special Pricing' tab.
stock-price-discount		Skip Stock Price Discount. Tick box located in Integrator 'Settings', 'Discounts & Special Pricing' tab.

> ⓘ **Integrating All vs Changed**: For send changed, records in deb-stock-retail-price-audit will have sp-date-of-change greater than or equal to the last send date of Discounts + Special Pricing.
