

Edit Field Prompts

Field prompts can be changed using the Dictionary tool.

Step-by-step guide

To change a field prompt:

- 1. In the CMS, go to **Settings Settings Dictionary**.
- 2. In the *TableName* field, enter the name of the table your prompt is found in. See below for common tables.
- 3. Click **'Define'**.
- 4. Search for the required field.
- 5. Click **'Modify'** and update the prompt as desired.

Table Name :

User

Field Name :

OrderLimit

Sequence :

5

Custom Type :

Please Select ..

Data Type Information

Data Type :

money

Length :

0

Field Prompt :

Order Limit \$

Help :

Lookup :

Validation :

Rows :

Columns :

- 6. Click **'OK'**.
- 7. At the top of the page, select **System Control** and **Templates** via checkbox.

☒ System Control

☒ Templates

☐ Lucene

☐ Bundles

RefreshCache

Toggle All

- 8. Click **'RefreshCache'** to update the website's cache.

Common Tables

Table Name	Description
User	Contains all users
PRONTOSalesOrder	Sales Order header - contains delivery information as well
Customer	Customer table (i.e. deb-master from PRONTO)
Product	Product Master (i.e. stock-master from PRONTO)
