[Click here to return to the login page](#)

## Where can the Widget be placed?

- [Forgot Password Page Template](#)

## Widget Options

Option	Use	Comments	Available from Version
Description	Short description of the widget's use.	This description is added to the widget title. It makes the widget's use clear on the template page.	All
Layer	Layer the widget is valid for.	Use <a href="#">layering</a> to limit widget content to certain groups of users.  To use the same widget for more than one user group but with different options set, add the widget as many times as needed in the same zone. Then add layering to define the user group each time.	All
Title	Heading text displayed at the top of the widget.	Default: Password Reset	All
User Name Prompt	Prompt text displayed above the input box, as well as in the form of placeholder text within the input box.	Default: Email Address	All
Reset Password Button Prompt	Prompt text on the reset button displayed after user enters their username.	Default: Reset Password	All
Reset Password Button Icon	Icon in the password reset button.	Default: cv-ico-general-cycle	All

Password Sent Message	Confirmation message text displayed after the user has successfully requested the password reset email.	Default: If your username exists, a password reset email has been sent to you.	All
Login Page URL	Text containing a link back to the login page displayed after password reset.	Default: <p>Click <a href="/login">here</a> to return to the login page.</p>	All
