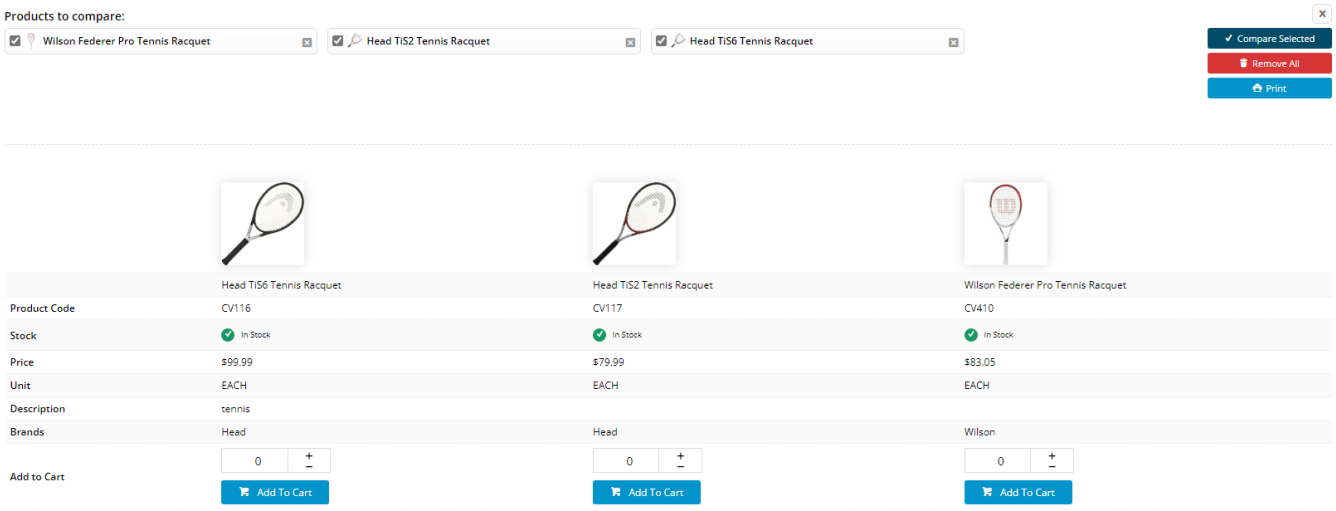
Product Compare Widget

Widget Use

Renders the product comparison grid for Product search results.

Example of Widget Use



Where can the Widget be placed?

The widget can be used in the following templates:

- Theme Layout Template

Widget Options

Option	Use	Comments	Available from Version
Description	A short description of the widget's use.	This description is added to the widget title. It makes the widget's use clear on the template page.	All
Layer	The layer the widget is valid for.	Use layering to limit widget content to certain groups of users. To use the same widget for more than one user group but with different options set, add the widget as many times as needed in the same zone. Then add layering to define the user group each time.	All
Title	The heading text displayed at the top of the widget.	Default: Products to compare:	3.78
Display Image?	Whether the product image is displayed.	Default: enabled Toggle to disable	3.78
Show Ribbons?	Whether ribbons are displayed over the product image (where applicable).	Default: enabled Toggle to disable	3.88
Display Title?	Whether the product title is displayed.	Default: enabled Toggle to disable	3.78
Display Product Code?	Determines whether the product code is displayed.	Default: enabled Toggle to disable	3.78

Display APN?	Whether the Australian Product Number is displayed.	Default: disabled Toggle to enable	3.78
Display Availability?	Whether stock availability is displayed.	Default: disabled Toggle to enable	3.78
Use Role Flag To Hide Availability?	Whether the role flag is obeyed in regard to stock availability display.	Default: disabled Toggle to enable	3.78
Custom Availability Widget Name	Name of custom widget to display product availability in the Compare window.	Setting this field overrides the 'Display Availability' and 'Use Role Flag To Hide Availability' settings. Availability will instead be displayed based on the logic defined in the custom widget. NOTE - Assistance from Commerce Vision may be required when creating this custom widget.	3.88
Show Quantities?	Whether available quantity is displayed.	Default: disabled Toggle to enable	3.78
Display Price?	Whether product price is displayed.	Default: enabled Toggle to disable	3.78
Display RRP?	Determines whether product RRP is displayed.	Default: disabled Toggle to enable	3.78
Show Unit Description?	Determines whether unit of issue is displayed.	Default: disabled Toggle to enable	3.78
Display Description?	Determines whether the product description is displayed.	Default: enabled Toggle to disable	3.78
Display Add To Cart?	Determines whether an Add To Cart button is displayed.	Default: enabled Toggle to disable	3.78
Increase Quantities In Pack Qty?	Forces the value in the quantity field to increase /decrease in pack quantities instead of the default quantity of 1 when the plus/minus icons are used.	Default: disabled Toggle to enable	3.78
Add Minimum Quantity to Cart?	If a minimum quantity has been set for the product, add this quantity to cart.	Default: disabled Toggle to enable	
Hide When No Products?	Hide Product Compare when there are no products to compare?	Default: enabled Toggle to disable
