Widget Options

Option	Use	Comments	Available from Version
Description	A short description of the widget's use.	We recommended this field be updated so the widget's purpose is clear at a glance from the template page.	All

Layer	The layer the widget is valid for.	The layering technology allows for the content to be shown to specific audiences. This is handy if the content is only valid for a certain type of user, or if the same widget is required for more than one audience, but different configuration is needed. The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget.	All
Title Type	The context of the title. Select from: • Content Title (displays within the body of the email) • Head Title (displayed on the browser tab when the user views the email in a browser) • Order Title (displayed in the body of the email, along with a data source such as order number, e.g. Order Confirmation emails)		3.78
