## Where can the Widget be placed?

The widget can be used in the following templates:

- Account Payment Email Template
- BPAY Account Payment Email Template
- Credit Card Account Payment Email Template

## Widget Options

Option	Use	Comments	Available from Version
Description	A short description of the widget's use.	We recommend this field be updated so the widget's purpose is clear at a glance from the template page.	All
Layer	The layer the widget is valid for.	<p>The <a href="#">layering technology</a> allows for the content to be shown to specific audiences.</p> <p>This is handy if the content is only valid for a certain type of user, or if the same widget is required for more than one audience, but different configuration is needed.</p> <p>The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget.</p>	All
Greeting	The salutation at the beginning of the message. The placeholder '{0}' will be replaced with the user's first name.	Default: Hi, {0}	4.08
Order Number Label	The label for the Order Number field	Default: Order Number:	4.08
