

Order Documents Widget

Widget Use

Enables users to upload documents to their order via the Cart or Checkout page. The documents are stored on the server and can be accessed via a link on an email template (such as the Order Placed email).

NOTE - For the document link to display in an email template, the Order Documents Widget has to be added in that email template as well.

Example of Widget Use

Following are examples of the widget in use:

File Uploader in the Cart
