

Configure Schedule for Standing Order Button Widget

Widget Use

Places the 'Schedule Standing Order' button in checkout. This navigates the User to the Schedule for Standing Order page for the next step of creating a recurring order.

Example of Widget Use

Following is an example of the widget in use:

Where can the Widget be placed?

The widget can be used in the following templates:

- Checkout Template
- Checkout Quote Template

Widget Options

| Option | Use | Comments | Available from Version |
|---------------|--|--|------------------------|
| Description | A short description of the widget's use. | We recommend this field be updated so the widget's purpose is clear at a glance from the template page. | All |
| Layer | The layer the widget is valid for. | The layering technology allows for the content to be shown to specific audiences. This is handy if the content is only valid for a certain type of user or if the same widget is required for more than one audience but different configurations are needed. The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget. | All |
| Button Prompt | The text displayed on the button | Default: Schedule Standing Order | All |
| Button Icon | The icon displayed on the button | Default: cv-ico-general-clock | All |
